August 2017

To the parents/guardians of NUSD students:

In our continuing effort to improve school-parent communication and have our student information system as current as possible, emergency contact information can be updated online through Aeries/Homelink, NUSD's student information system. Updating this information online may replace the requirement of submitting emergency cards.

If you have an Aeries/Homelink account, you can update your information now. Just log in and make any necessary changes. Once the changes are made, please complete the form below and submit it to your child's school in place of the emergency card.

Any parent/guardian who does not currently have an Aeries account can easily get one by stopping by their schools' office.

Having access to Aeries/Homelink enables you to update emergency contact information any time. Having the most current information for your child is critical in case of an emergency.

Respectfully,

Jim Hogeboom
Superintendent
