

# Art Activity Bingo Card

How many spaces can you mark off?

Draw a self-portrait while looking in a mirror but do not look down at the paper!	Draw your favorite room in your home with as much detail as possible.	Create a comic strip about a kid with a secret super power.	Fill your paper with as many drawings of a duck as you possible can.	Grab your favorite shoes and draw them with your non-dominate hand.
Create a composition with your favorite dinner.	Have someone describe an animal to you without telling you the name, then draw their description.	Create a floorplan for your dream treehouse.	Design an outfit for a celebrity walking the red carpet.	Draw a prehistoric dinosaur in a modern setting.
Go outside and create an image from found objects like grass, leaves, and sticks.	Come up with an idea for a new game and design the board.	Draw a bowl of alphabet soup. Have the letters spell out a word that is meaningful to you.	Design the most fantastic and fun waterpark you can imagine!	Have another person draw a simple shape on your paper. Turn that shape into a complicated drawing!
Make a list of all the art in your home. Don't forget art doesn't have to be a painting or drawing!	Draw a super sundae with at least 3 flavors of ice cream. Write a description of each flavor.	Research a famous artist and list 5 facts you learned.	Draw Ms. Yazvac wearing a sneaky disguise.	Draw a sandwich with as many wacky ingredients as you can!

## Online Resources to Check Out!

\*\*Remember to have a parent's permission before going online!

*Artforkidshub.com*

Awesome drawing tutorial videos designed for the whole family.
