\*New construction, remodel/addition includes habitable area only for residential development. Habitable area is defined as the floor area of conditioned space on all floors including basements, intermediate floor tiers or mezzanines, and penthouses, measured from the exterior walls and the exterior face of walls separating conditioned and unconditioned spaces. This conditioned floor area does not include walkways, open roofed-over areas, porches, exterior terraces or steps, chimneys, roof overhangs, parking garages or unheated basements. This definition remains in effect unless changed by law. Commercial development includes all square footage.

If the square footage is 20 feet more or less than the number listed above when the building permit is declared valid by the City of Novato or the County of Marin, the fee must be adjusted.
