# COVID-19 Prevention and Response Health and Safety Protocols

## Overview

On March 16, 2020 site-based classroom instruction was suspended by order of the Marin County Public Health Officer in all Public and Private Schools in Marin County to help mitigate the spread of COVID-19 in the local community. All schools were forced to develop remote instruction for students, including all schools in the Novato Unified School District. Under the guidance of the Marin County Public Health Officer, Marin County School Guidelines (30 Point Plan) and School Site Specific Protection Plans (SSSPPs) have been developed for all Novato Unified School District Schools, Programs and offices. These SSSPP's meet all requirements of and serve as the Cal/OSHA COVID Prevention Plan (CPP), and along with the COVID-19 School Guidance Checklist serve as the Novato Unified School District COVID-19 Safety Plan (CSP) for In-person Instruction. All District SSSPPs are consolidated and posted on the Novato Unified School District Website, and individual SSSPP's for schools sites are posted on the school web sites and made available to staff, students and families as required.

A copy of this entire document will be posted on the Novato Unified School District Homepage as required, and will also be included in the updated [Novato Unified School District Injury Illness & Prevention Program](#).
